

WISCONSIN STATE REPRESENTATIVE

Jennifer Shilling

95TH ASSEMBLY DISTRICT

April 20, 2007

Jeremy Tomesh
3408 Birch Street
La Crosse, WI 54601

Dear Jeremy,

Thank you for visiting my office to discuss the issues that are important to the Wisconsin State Engineers Association. I am sorry I was unable to meet with you, but am glad you had the opportunity to talk with my staff.

As a member of the State Building Commission, I appreciate the role that engineers and the construction community play in our state. I agree with you that Wisconsin can do more to ensure we get the most value out of our tax dollars. With more and more state projects being given to private contractors, it would make sense to reassess potential cost saving measures such as more state administrative and technical positions.

I also understand your concerns regarding sick leave, dental benefits, and state retirement investments. As an elected state representative, I am committed to ensuring that Wisconsin workers in both the public and private sectors have access to quality health care and other employment benefits. The insights you shared are very helpful to me and I will be sure to keep your thoughts in mind should these issues come before the Assembly.

Again, thank you for taking the time to meet with my staff. If I can ever be of service to you in the future, please do not hesitate to contact me.

Sincerely,

Jennifer Shilling
State Representative
95th Assembly District
